Maryland Heights, MO 63043

## CONTROLS

### **Snowmelt in concrete, pavers, etc.**

- |   |               |                                                                           |
|---|---------------|---------------------------------------------------------------------------|
| 1 | Control unit  | ETO2-4550, incl. cover, w/ 4 relay outputs:<br>3 x 16A + 1 x 5A, 120/240V |
| 1 | Ground sensor | ETOG 55 temperature and moisture sensor                                   |

Adjustable delayed off switch from 1 to 6 hours.

### **Snowmelt in gutters, etc. including moisture sensor**

- |   |                |                                                                           |
|---|----------------|---------------------------------------------------------------------------|
| 1 | Control unit   | ETO2-4550, incl. cover, w/ 4 relay outputs:<br>3 x 16A + 1 x 5A, 120/240V |
| 1 | Gutter sensor  | ETOR 55 moisture sensor                                                   |
| 1 | Outdoor sensor | ETF 744/99 air temperature sensor                                         |

### **Snowmelt in gutters, etc. simple**

- |   |                |                                                                           |
